

All About Horses
By Lucia McFadzean
ACMF National Song Competition 2016

There's no such thing, as rainbow horses.... it's true
They can only be black, white, grey
brown...and don't forget bay
Your can ride them, they can also be soft

Horses walk, horses trot, horses canter,
horses gallop....clippity clop
Horses live in the wild,
a foal is horses' child.

All about horses, All about horses
