

FOUND IN THE MUSIC
By Taylah Silvestri
ACMF National Song Competition 2016

I can't say this any other way
I just gotta be real
In the rhythm I can get away
It's just the way that I feel

Cause I'm not heels and lipstick
I'm all beats and new kicks
Feel it deep inside of my soul
I know it might be confusing
But all that my heart can do is
Follow where the melody goes

It's like the rhythm's got a hold on me
There aint no need to change
There aint no other way
It's the only thing that sets me free
I'm found in the music
The sound of the music

Can you see the other side of me?
It's right in front of your eyes
Just hit play and then you're gonna see
I don't need a disguise

I'll be found here
I'll be found here
I'll be found here
In the sound of the music
