

**Neon Lights**  
**By Chloe Haber**  
**ACMF National Song Competition 2016**

Verse 1:

Neon lights, neon lights,  
Take me home, stay the night,  
Driving through pouring rain  
Through the dark, through the pain.  
Neon lights, neon lights,  
Are blinding me, blinding me,  
From physical lies, violence and ties,  
Hidden inside.

Chorus:

You can drown in blue,  
But I won't let you drag me under with you.  
You can do as you please,  
But I won't follow, I don't have to follow,  
That's what the neon lights tell me.

Verse 2:

Neon lights, neon lights,  
Everlast, burning bright,  
Turn away, don't reveal,  
Make it hard to know what's real.  
Neon lights, neon lights,  
Are shielding me, shielding me,  
From teardrops that fall, the silence of tall,  
When there's nothing at all

*Repeat Chorus*

Bridge:

Neon lights, neon lights,  
Take me home, stay the night...

Chorus:

You can drown in blue,  
But I won't let you drag me under with you.  
You can do as you please,  
But I won't follow, I don't have to follow,  
That's what the neon lights tell,  
Me.
