

On My Own
By Ryan Brown
ACMF National Song Competition 2016

I'm on my own again
Make up your mind
I won't tell you twice

I'm on my throne again
Choose me instead
Don't look back till the end

Let us take you, take you
We won't let you down
Till we're bored of our crowns

I'm on my own again, again
Believe in yourself
Till you've got no one else

A piece of god for you to taste
But it's best when you're honest

Share your love around say it's better
Than stay in your place

Tell sweetly comply easy praise
See I like them loyal

Horde around all that lovesick gaze
I'm hurt but I'm hungry
