

Outback Adventure
By Nicholas Best
ACMF National Song Competition 2016

Mum said, 'it's the trip of a lifetime.'
And dad said it would be awesome fun
I wished that we could bring our dog
My sisters just wanted their dolls to come

Chorus

Outback adventure, four months, no school
Hiking, swimming, boating, flying
Driving, driving, driving, driving
Driving, boredom, driving, driving

'There's nothing rougher than the Gibb River Road.'
Dad said as we drove through the Kimberley
The car rattled and shook across the Pentecost River
And all I could hear was my sister's ukulele

Chorus

Outback adventure, four months, no school
Hiking, swimming, boating, flying
Driving, driving, driving, driving
Driving, boredom, driving, arriving

We thought the Bungle Bungles would be fun
But the road was like a roller coast-ar
My sisters said the giant domes were boring
Maybe that's why they puked in the ca-ar

Chorus

Outback adventure, four months, no school
Hiking, swimming, boating, flying
Driving, driving, driving, driving
Driving, boredom, driving, arriving

Arnhem Land was the coolest place of all
I went spear fishing near a giant croc
My sisters did beading and corroboree
But their favourite thing was the Paddle Pops
