

Real Me
By Charlotte and Jazzy Alexander
ACMF National Song Competition 2016

Look at that, can you see the sunlight, (moonlight)
No-one can deny it, it's a beautiful sight (beautiful sight)

Fly with me, hand in hand
What can you see in the galaxy
Fly with me, hand in hand
What can you see in the big big galaxy

Can you see the sunlight, Can you see the moonlight
Drifting through the air just like a satellite
Come on baby wanna show you who I can be
Baby let me show you the real me
Can you see the moonlight, Can you see the sunlight
Orbiting round the earth just like a meteorite
Come on baby wanna show you who I can be
Baby let me show you the real me, The real me, Show you who I can be

Come with me, fly through the galaxy (galaxy)
I'll set you free, and show you the real me (real me)

Fly with me, hand in hand
What can you see in the galaxy
Fly with me, hand in hand
What can you see in the big big galaxy

Can you see the sunlight, Can you see the moonlight
Drifting through the air just like a satellite
Come on baby wanna show you who I can be
Baby let me show you the real me
Can you see the moonlight, Can you see the sunlight
Orbiting round the earth just like a meteorite
Come on baby wanna show you who I can be
Baby let me show you the real me, The real me, Show you who I can be

Aoh aoh, Show you who I can be
Aoh aoh, The real me
Aoh aoh, Show you who I can be
Aoh aoh, through the galaxy

Can you see the sunlight, Can you see the moonlight
Drifting through the air just like a satellite
Come on baby wanna show you who I can be
Baby let me show you the real me

Can you see the moonlight, Can you see the sunlight
Orbiting round the earth just like a meteorite
Come on baby wanna show you who I can be
Baby let me show you the real me, The real me, Show you who I can be

The real me!
The real me
The real me!
Through the galaxy
