

The ANZACs
By Chloe Yeluri
ACMF National Song Competition 2016

Off they went to ANZAC Cove
Reuniting all of them
Loading guns and gunpowder
Scared but willing to give their lives

Lest we forget
What our soldiers did
And how they shaped the world

The avenue of honour, is where they will be found
Although they are six feet down inside the ground.
We will respect them with poppies and praise,
For what they'll do forever and ever

Lest we forget
What our soldiers did
And how they shaped the world
