

Mother I Miss You
By Marcus Yeo
ACMF National Song Competition 2017

Verse 1:

I saw you today as you turned and passed my way
I had to look away - there was nothing to say
There was nothing I could do to prove to you that now my love is so true
I am lost and breaking in two

Chorus:

And now I wish I had the chance to care for you
I had the chance to be there for you holding you forever
And now I know I never said I care for you
I never said I'd be there for you
Looking back I know that now it's too late

Verse 2:

Why was I so blind when your love was pure and kind
I've searched only to find - you're always on my mind
And I just can't let you go my feelings grow
At least I truly know I was loved not long ago

Chorus:

And now I wish I had the chance to care for you
I had the chance to be there for you holding you forever
And now I know I never said I care for you
I never said I'd be there for you
Looking back I know that now it's too late

Bridge:

Too many times I've tried to right my wrongs
No, there's no turning back to you my heart belongs
Too many tears I've shed I Can't let it show
Oh how I long for you more than you'll ever know

Chorus:

And now I wish I had the chance to care for you
I had the chance to be there for you holding you forever
And now I know I never said I care for you
I never said I'd be there for you
Looking back I know that now it's too late
