

Potent Love
By Mitch Salisbury
ACMF National Songwriting
Competition 2017

Feels like I'm here but
No one can see my like
I'm looking through one-way glass

feels like I talk but
no one can hear
no sounds from the words i speak

I'm invisible
inaudible
like I was never born at all

I'm not perfect
I'm not flawless
like I was never meant to be

I am who I am
no matter what you say

I do what I like
no matter what you say

Potent Love
Potent Love

I have my memories
they are before me
you can never take that away

the waves are breaking
they roll before me
the sand does not stay

I'm in perfect
I'm not flawless
but at least I still have my
my dignity and my courage
you can never take that away

cause,
I don't waste no time
no matter what they say

I don't want your lies
no matter what they said

Potent Love
Potent Love

and now I'm falling
falling away from your lies
and now I'm breathing
breathing now I am alive

Potent Love
Potent Love
Potent Love
