

**Your Inner Heart**  
**Gabriel Golding**  
**ACMF National Songwriting Competition 2017**

**Vs 1**

Don't feel bad if someone teases you  
Just stand tall and walk away  
Have the confidence in your heart  
To just ignore them cause you are smart

**Vs2**

Don't you worry about the test  
Always just do your best  
A pass or fail is just a mark  
It doesn't change who you are

**Chorus**

Believe in yourself, cause you have the power  
To make life fun, in every possible way  
Your inner heart, controls your mind  
So fill up your heart, with joyful sunny smiles

**Vs3**

Think about what you've done  
Just look back and see the fun  
Tomorrow's challenges will be your learning  
Completing them will be your victory

**Vs4**

Don't be annoyed if you mess up  
It helps you learn lots of stuff  
Just kick back and try to relax  
Life is fun live to the max

**Chorus**

Believe in yourself, cause you have the power  
To make life fun, in every possible way  
Your inner heart, controls your mind  
So fill up your heart, with joyful sunny smiles  
Believe in yourself
