

Paper Thin - Adrian Trezise

My fire's out so I guess it's time to move on
Cos I don't really have much else
except for what's in these songs
I've been back and forth all my life
Falling over I keep stumbling
But you just sit and point and laugh

Paper Thin

So god damn sensitive
Know that you ain't never fall in love before
got me walking out that door
You're so paper thin

Paper Thin

So god damn sensitive
Tell me you ain't never fall in love before
got me walking out that door
You're so paper thin

You can see that I'm not safe
Haven't left this room all day
My routine is all the same
Hate these clouds won't go away

Paper Thin

So god damn sensitive
Know that you ain't never fall in love before
got me walking out that door
You're so paper thin

Paper Thin

So god damn sensitive
Know that you ain't never fall in love before
got me walking out that door
You're so paper thin
