

Christmas Surrounding Me

Danny Harris, The McDonald College, Year Six

The snows lay fresh on the ground

The holly grows fresh off the tree

There seems to be a certain sound

Surrounding me

Jingle bells ring through the square

Dancers are tapping their feet

There seems to be a buzz in the air

Airy and joyful and sweet

Cause at Christmas we all have found

The right kind of person to be

There's laughter and magic around

Surrounding me

Tinsels and baubles adorn

(Tinsels and baubles adorn)

The great, big, green Christmas tree

(The great, big green Christmas tree)

We cannot sleep until morning

(We cannot sleep until)

But that's when Christmas is free

Cause at Christmas we all have found

The right kind of person to be

There's laughter and magic around

Surrounding me

The choirs will sing sweetly

The reindeers will fly fleetly

There seems to be a certain need

Christmas surrounding me
