

Just To Get To You

By Evie Speirs Dill

I travel further than the ocean,

Just to get to you.

It's hard to really say,

But I need someone too.

I've travelled further than the jungle

And the desert to,

Just to get to you.

Yeah just to get to you.

When I finally find you,

I'll say I missed you too.

I've travelled further than the ocean,

Just to get to you.

Yeah just to get to you.
