

## **The Only Moment**

*by Frank Ferguson*

My name is Frank, swimming backstroke in a Fish Tank, doing sweet jumps at the BMX Track.  
I don't care if I fall, I don't care if I crawl, nothing makes you stronger than having a big stack.

Started playing music when I was five years old. Started off with the Piano but it made me bored.  
Gonna pick up a guitar, gonna get me real far, gonna shoot me to the stars - I'm a lyrical monster.

### ***Chorus:***

This is the only moment, this is the only time, this is the only moment that makes me wanna fly,  
woah-oh

My name is Frank and I'm only eight. Got my guitar in my hands and I'll never be late. I pick, I loop, I  
strum, I play - you never know the words I'm gonna say.

### ***Chorus***

This is the only moment, this is the only time. This is the only moment that makes me wanna fly.  
This is the only moment, this is the only time. I'm the lyrical monster whose got all the rhymes.

### ***Chorus***
