

WHY DO I CRY?

Mi-kaisha Masella

VERSE

Something in my soul is missing
It ain't right
No it ain't right
A little piece of my heart is missing
It ain't right
No it ain't right

PRECHORUS

Follow the right steps
Stick to the right path
But it ain't working out for me
Got all I could ask for
Could even say a little more
But it ain't enough for my soul

CHORUS

Why do I cry inside?
When everything on the outside is fine?

VERSE

I tried to fix my life with intention
It ain't right, no it ain't right
My mind is stuck in a world of regrettin'
It ain't right, no it ain't right

PRECHORUS

Follow the right steps
Stick to the right path
But it ain't working out for me
Got all I could ask for
Could even say a little more
But it ain't enough for my soul

CHORUS

Why do I cry inside?
When everything on the outside is fine?

BRIDGE

I've made it this far
Won't let these scars tame me
Won't let them chain me
A thousand miles through save me
No hesitating

CHORUS

Why do I cry inside?
When everything on the outside is fine?
