

That Song You Gave Me

Lyrics and Music by Nina Linnestad Copyright © 2018

That song you gave me is good
it makes me think about you
and when I'm sad I listen to it
and I need it most right now
but that song it makes me mad
a creature that just poisons my insides and I'm dying inside
I can't bear it

No tears
I can't cry
I may as well dive into an ocean swim to shore and
Start a new life
Where
No one can help me it's all up to myself
Strong exterior weak interior
I know I'll get out...

Do you care about me not just yourself and this girl I see
Open up
Don't close the door
Don't need those guards any more
Can you keep a secret?
Yes I can
Are you sure you'll understand?
I'm positive
Are you sure about that? I need some evidence before I crack
Yeah
Yeah
Yeah

But that song you gave me is bad
It's just the story of us
Don't want to hear it again
Mmmm
No tears
I can't cry
I may as well dive into an ocean swim to shore and
Start a new life
Where
No one can help me it's all up to myself
Strong exterior weak interior
I know I'll get out...

Do you care about me not just yourself and this girl I see
Open up

Don't close the door
Don't need those guards any more
Can you keep a secret?
Yes I can
Are you sure you'll understand?
I'm positive
Are you sure about that? I need some evidence before I crack
yeah

Do you care about me not just yourself and this girl I see
Open up
Don't close the door
Don't need those guards any more
Can you keep a secret?
Yes I can
Are you sure you'll understand?
I'm positive
Are you sure about that? I need some evidence before I crack

Do you care about me not just yourself and this girl I see
Open up
Don't close the door
Don't need those guards any more
Can you keep a secret?
Yes I can
Are you sure you'll understand?
I'm positive
Are you sure about that? I need some evidence before I crack
Yeah
