

Admit it

By Amy Archer

Verse 1

I don't know
If you want this too
But there's something
I haven't told you
I'm sorry if I stare
I tend to do that
I like when you smile

Chorus

But I caught feelings
I couldn't help it
Then I broke it all
And tried to undo it
Don't want to admit it
Don't know how you're feeling
But I'd hate to make things
Hard for you
Still I like you

Verse 2

I can't stop
Thinking about you
You're in all my songs
In all my thoughts
I like that we talk
About everything
No filters

Last Chorus

So I caught feelings

I couldn't help it

Now I care a lot

Don't want to be hurt

Don't want to admit it

Don't know how you're feeling

But I'd hate to break

What we have here

So I caught feelings

I couldn't help it

Then I broke it all

And tried to undo it

Don't want to admit it

Don't know how you're feeling

But I'd hate to make things

Hard for you

Still I like you
