

TOY FRIEND

Sitting in my bed, trying to go to sleep,
but I just can't
Trying t catch some z's, so I start counting sheep
but I'm too scared

I need someone next to me,
I need a, friend

I need a toy friend, toy friend,
Someone to be there when I need them,
I need a toy friend, toy friend
So I can go to sleep, soundly, tonight

Forgot to close the closet up,
My dad tells me to toughen up I'm too weak.
My mum prefers to sleep with her,
I tell her that I'm older than I used to be

I need someone next to me,
I need a, friend

I need a toy friend, toy friend,
Someone to be there when I need them,
I need a toy friend, toy friend
So I can go to sleep, soundly, tonight

Need to go to sleep
I need someone to be there,
Need to go to sleep
I'm pretty tired,
Need to go to sleep
I need someone to be there,
Someone to be there

I need a toy friend, toy friend
Someone to be there when I need them
I need a toy friend, toy friend
So I can go to sleep, soundly,

I need a toy friend, toy friend
Someone to be there when I need them
I need a toy friend, toy friend
So I can go to sleep, soundly, tonight
