

59 Unicorns on a Mission

59 Unicorns on a mission,
To find the lost puppy dogs Jimmy and Bob.
Where did they go? They went to Mexico!
They usually hung out with the cool kitten.
They went to restaurant to eat fish taco.
They went to other side of the galaxy.
Luckily the uni-police have a uni-ship.
Chief uni-police called Beardo.
He accidently spilt water on the space control.
And then they fall into the forest
All the puppy dogs on a tree
Playing with uno cards with the kittens.
Then Beardo came and help they down.
Suddenly the fish taco stood up and said "Eat me".
