

Peace Train - Maggie Johnston

Here comes the Peace Train
Conductor's calling for change
Here comes the Peace Train
Cease fire to the war games

I've been marching to the beat of my own drum
I built a bubble to block out all that's wrong
I sit in silence and tremble with fear
For the life that I hold so dear

Here comes the Peace Train
Conductor's calling for change
Here comes the Peace Train
Cease fire to the war games

And nobody bothers to make amends
It's harder to be enemies than friends
I sit in silence and tremble with fear
For the life that I hold so dear

Here comes the Peace Train
Conductor's calling for change
Here comes the Peace Train
Cease fire to the war games

If we all just carry on
And pretend that nothing's wrong
The world that which we belong to
Will be gone

Here comes the Peace Train
