

A little smile

By Chester Johnson

Verse One

I can walk down the street and see a person smiling at me.

But I see the terrible sorrow behind their eyes.

In the future far beyond

we could have a little bond,

all around hand in hand,

together.

Chorus

All I need is a little smile,

To brighten my face, to lighten my life.

All I need is a little contentment, with friendship; it will take me by surprise. [Repeat]

Bridge

I see all this friendliness around me,

and I wonder why I feel so sorrowful.

I see all this smiling around me,

and possibly we could make friends.

Verse 2

It happens, it's a laugh it's a cry,

The amazing that can happen when you play for a little while.

It can take you to places you never knew.

Friendship, and friends that can comfort you.

Chorus

All I need is a little smile,

To brighten my face, to lighten my life.

All I need is a little contentment, with friendship; it will take me by surprise.
