

# Wicker chair

By Indigo Sangster

## Guitar intro

### Verse one:

Your red hair and your freckly face,  
Your sisters hair so dark,  
Your smile soft like a chimpanzee,  
Oh how you made me laugh,

You sat there on your wicker chair,  
Quietly watching the world,  
Oh when I looked at you,  
My heart just swelled and whirled...

### Pre chorus:

Bright blue eyes clouded with confusion,  
Sunshine clouded with a storm...

### Verse two:

Newspapers, bananas, endless cups of coffee,  
Sitting on your bed to watch the news,  
Bound to your old body, now your finally set free,  
Don't need me to put on your shoes,

You'd sit and watch us all as if you were staring through a glass,  
Wondering where your strength had gone, how it fell away so fast,  
Newspapers, bananas, endless cups of coffee...

### Pre chorus:

Bright blue eyes clouded with confusion,  
Sunshine clouded with a storm...

### Big Oh's:

Oh oh oh..... ect

### Bridge:

So many stories in your mind,  
Of children and dancers and chocolate and parties and red wine...x2

Red wine...
