

## My Family by Jenny Tann

Our family loves us,  
Our place where we belong,  
We always stick together,  
And this is our song.

### Chorus

I love my family,  
I love my family,  
I love my family,  
My place where I belong.

We always play together,  
We have some silly time,  
My daddy always tickles us,  
I'm glad that he is mine.

### Chorus

I love my family,  
I love my family,  
I love my family,  
My place where I belong.

### Bridge:

Without my family,  
I'd feel so lost,  
Alone in the darkness,  
Surrounded by frost.

My brother plays games with me,

We sing together too,  
Mum and dad love us all,  
With a love that's true.

#### Chorus

I love my family,  
I love my family,  
I love my family,  
My place where I belong.
